### KENYA-FRANCE PAMOJA PHC 2026 6<sup>TH</sup> CALL FOR APPLICATIONS

#### Application Outline

Parameter Name	Description
Title	None
Scientific Area	None
Discipline/Theme	None
Scientific and/or Technological Aims and Objectives (10 000 characters maximum)	Scientific and/or Technological Aims and Objectives (10 000 characters maximum)
Relevance of the collaboration and complementarity of the teams (10 000 characters maximum):	Relevance of the collaboration and complementarity of the teams (10 000 characters maximum):
Advantages of the collaboration for the Kenyan laboratory or scientific institution (10 000 characters maximum):	Advantages of the collaboration for the Kenyan laboratory or scientific institution (10 000 characters maximum)
Advantages of the collaboration for the French laboratory or scientific institution (10 000 characters maximum):	Advantages of the collaboration for the French laboratory or scientific institution (10 000 characters maximum)
Justification of the study in line with addressing the overall objectives of the PAMOJA PHC. (Max. 5000 Characters).	Justification of the study in line with addressing the overall objectives of the PAMOJA PHC. (Max. 5000 Characters).
Context and background of existing collaboration – if a fresh idea please state so (10 000 characters maximum)	Context and background of existing collaboration – if a fresh idea please state so (10 000 characters maximum)

<b>Parameter Name</b>	<b>Description</b>
Capacity building and training component – junior researchers, MSc, PhD students (10 000 characters maximum)	Capacity building and training component – junior researchers, MSc, PhD students <i>(10 000 characters maximum)</i>
Expected outcomes: French/European perspectives (10 000 characters maximum)	Expected outcomes: French/European perspectives <i>(10 000 characters maximum)</i>
Expected outcomes: African/Kenyan perspectives (10 000 characters maximum)	Expected outcomes: African/Kenyan perspectives <i>(10 000 characters maximum)</i>
International perspectives and future potential of expanding the collaboration (10 000 characters maximum)	International perspectives and future potential of expanding the collaboration <i>(10 000 characters maximum)</i>
Current or potential Industrial Outcomes - where applicable (10 000 characters maximum)	Current or potential Industrial Outcomes - where applicable <i>(10 000 characters maximum)</i>
